PREMIUM POWER BATTERIES

# SUPERLEX® COMMERCIAL ADVANCED DESIGN BATTERY

Manufactured with PFX Technology

## EMBEDDED GLASS MAT

Fused with the positive plate for  
extended cycling and rechargability

### THE PFX DIFFERENCE

- + HIGHLY-REFINED LEAD
- + EXPANDED GRID CONSTRUCTION
- + MICRO-PROCESS CONTROLLED CURING
- + CONTINUOUS PASTE MIXING TECHNOLOGY
- + DARAMIC® DURALIFE SEPARATORS
- + QUALITY MADE & RECYCLED IN THE USA
- + JUST-IN-TIME BATTERY FORMATION

**ZERO LANDFILL**  
MANUFACTURING PROCESS

## YOU NEED A BATTERY THAT'S TOUGH. HERE'S ONE THAT'S EVEN TOUGHER.

Superlex® Commercial Batteries can take the heat. Designed to excel in high-heat, high-cycling applications, our Heavy Duty and Severe Duty Series will help your over-the-road trucks and construction equipment work harder and longer. Performance is enhanced in our Group 31 Severe Duty Series by a glass mat, which is embedded within the positive plate for extended cycling and rechargability.
